

Question

How is the pull count for public repositories displayed on the Docker Hub?

Answer

Our pull count ranges displayed for public repositories are:

- 10 million and over
- 5 million and over
- 1 million and over
- 500 thousand and over
- 100 thousand and over
- 50k thousand and over
- 10 thousand and over
- < 10 thousand - are formatted with “k”, for example, 2590 will be 2.5k
- < 1 thousand - the unabbreviated number will be displayed
